(Michele Rogerson)**REZONING FROM:** CS-MU-CO-NP (Commercial services—mixed use—conditional overlay—neighborhood plan) combining district**TO:** CS-MU-CO-NP (Commercial services—mixed use—conditional overlay—neighborhood plan) combining district. The nature of this request is to consider applying early opt-in determination for Vertical Mixed Use (VMU) to the subject site and to allow implementation of VMU options.**AREA:** 4.843 Acres**SUMMARY PLANNING COMMISSION RECOMMENDATION:***November 27, 2007:****POSTPONED TO 1/15/08 (APPLICANT)[J.REDDY, M.DEALEY 2ND] (8-0) P.HUI – ABSENT*****SUMMARY STAFF RECOMMENDATION:**

Staff recommends CS-MU-CO-NP combining district with conditions. The conditional overlay shall allow the implementation of Vertical Mixed Use (VMU) options on the subject property. Furthermore, under Staff conditions, if the requested zoning is recommended for this site, then 70 feet of right-of-way (ROW) shall be dedicated from the centerline of Lamar Boulevard in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55], in order to accommodate traffic anticipated to be generated by this site. The recommendation is based on the following considerations:

- 1.) The Brentwood/Highland Combined Neighborhood Plan (page 62) encourages the focus of higher density uses on major corridors and add special use options to enhance the corridors; one of which is Lamar Boulevard;
- 2.) Implementation of VMU at this site will be compatible with existing land uses surrounding the subject property;
- 3.) The underlying land use and zoning classification shall be retained;
- 4.) Proposed changes will allow for implementation of VMU on the site to spur redevelopment options offered by VMU;
- 5.) Recommended ROW dedication will address traffic anticipated by this redevelopment; and
- 6.) All conditions as set forth by the Ordinance No. 040513-33A shall be retained.

DEPARTMENT COMMENTS:

The subject property consists of a 4.843 acre site zoned CS-MU-CO-NP fronting Lamar Boulevard and West North Loop Boulevard. The property was rezoned on September 26, 2002 by Ordinance No. 040513-33A and imposing conditions (Please see Attachment A) to Tract 64A and 64B including:

- The following uses are conditional uses of Tract 64a:
 - Campground;

- Equipment repair services;
 - Kennels;
 - Agricultural sales and services;
 - Commercial blood plasma center;
 - Equipment sales; and
 - Vehicle storage
- Construction sales and services use is a conditional use For Tract 64B.
 - The following uses are prohibited uses of Tract 64b:
 - Agricultural sales and services;
 - Commercial blood plasma center;
 - Equipment repair services;
 - Kennels;
 - Outdoor sports and recreation;
 - Campground;
 - Drop-off recycling collection facility;
 - Equipment sales;
 - Outdoor entertainment; and
 - Vehicle storage

Current conditions on the site address conditional and prohibited uses. Land uses on the site include a shopping center, athletic club, warehouse, and a medical office building. Access to the site exists via North Lamar Boulevard and North Loop Boulevard.

The applicant proposes redeveloping the site for apartments and live/work units and to allow the implementation of VMU options on the site. The site lies along a designated Core Transit Corridor in accordance with [LDC Subchapter E – Design Standards and Mixed Use]. Specifically, the provision of 10% of units at 80% median family income (MFI) is proposed to benefit from the density bonus offered by VMU. Furthermore, the applicant seeks to benefit from the dimensional standards and the provision of 60% of parking requirements.

The Brentwood/Highland Combined Neighborhood Plan, (page 62) recommends the following:

Land Use Objective B5: Focus higher density uses on major corridors and add special use options to enhance the corridors

Recommendations:

- *Add the Mixed-Use (MU) Combining District on Burnet, Lamar, and Koenig Lane east of Woodrow.*
- *Focus higher intensity uses on Burnet Road and Lamar Blvd.*

Implementation of VMU at this site will be in conformance with the goals and objectives of the plan and will be compatible with existing surrounding land uses.

STAFF RECOMMENDATION

Staff recommends CS-MU-CO-NP combining district with conditions. The conditional overlay shall allow the implementation of Vertical Mixed Use (VMU) options on the subject property. Furthermore, under Staff conditions, if the requested zoning is recommended for this site, then 70 feet of right-of-way (ROW) shall be dedicated from the centerline of Lamar Boulevard in accordance with the Transportation Plan [LDC, Sec. 25-6-51 and 25-6-55], in order to accommodate traffic anticipated to be generated by this site. The recommendation is based on the following considerations:

- 1.) The Brentwood/Highland Combined Neighborhood Plan (page 62) encourages the focus of higher density uses on major corridors and add special use options to enhance the corridors; one of which is Lamar Boulevard;
- 2.) Implementation of VMU at this site will be compatible with existing land uses surrounding the subject property;
- 3.) The underlying land use and zoning classification shall be retained;
- 4.) Proposed changes will allow for implementation of VMU on the site to spur redevelopment options offered by VMU;
- 5.) Recommended ROW dedication will address traffic anticipated by this redevelopment; and
- 6.) All conditions as set forth by the Ordinance No. 040513-33A shall be retained.

BASIS FOR RECOMMENDATION

- 1. Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.*

The requested VMU determination will encourage mixed uses on the site by implementing VMU standards and encouraging a diversification of land uses.

- 2. The proposed zoning should promote consistency and orderly planning.*

The property is currently zoned CS-MU-CO-NP. The proposed change will not modify the base zoning classification nor will it alter established land uses already allowed by zoning. Conditions and restrictions as established by Ordinance No. 040513-33A shall be retained. Furthermore, the Brentwood/Highland Combined Neighborhood Plan encourages the focusing of higher density uses on major corridors and the adding of special use options to enhance the corridors along Lamar Boulevard.

EXISTING CONDITIONS

Site Characteristics

The subject property consists of a 4.843 acre site zoned CS-MU-CO-NP fronting Lamar Boulevard and West North Loop Boulevard. The property was rezoned on September 26, 2002 by Ordinance No. 040513-33A and imposing conditions. Current conditions on the site address conditional and prohibited uses. Land uses on the site include a shopping center, athletic club, warehouse, and a medical office building. Access to the site exists via North Lamar Boulevard and North Loop Boulevard.

Transportation

1. The Austin Metropolitan Area Transportation Plan calls for a total of 140 feet of right-of-way for Lamar Blvd along the property line. If the requested zoning is granted, then 70 feet of

right-of-way should be dedicated from the centerline of Lamar Blvd in accordance with the Transportation Plan. [LDC, Sec. 25-6-51 and 25-6-55].

2. A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113].

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Waller Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Impervious cover is not limited in this watershed class; therefore the zoning district impervious cover limits will apply.
3. This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 s.f. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.
4. According to flood plain maps, there is no flood plain within the project area.
5. At this time the site is fully developed, so there are no known significant environmental features.
6. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Water and Wastewater

1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing the water and wastewater utility improvements, offsite main extensions, system upgrades, utility relocation, and abandonment. The water and wastewater plan must be in accordance with the City of Austin utility design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater tap permit.

Site Plan

1. At the time of site plan review, this site will be subject to Commercial Design Standards (Subchapter E) regarding building placement, sidewalk standards, street trees, etc. Preliminary meetings with site plan staff to discuss design and layout is suggested. Additionally, a pre-application conference for VMU buildings is required. Please review section 4.3 of Subchapter E prior to site plan submittal.

ORDINANCE NO. 040513-33A

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP TO ADD A NEIGHBORHOOD PLAN COMBINING DISTRICT TO THE BASE ZONING DISTRICTS ON APPROXIMATELY 1,015 ACRES OF LAND GENERALLY KNOWN AS THE BRENTWOOD NEIGHBORHOOD PLAN AREA AND TO CHANGE THE BASE ZONING DISTRICTS ON 137 TRACTS OF LAND.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to add a neighborhood plan (NP) combining district to each base zoning district within the property and to change the base zoning districts on 137 tracts of land within the property described in Zoning Case No.C14-04-0012.001, on file at the Neighborhood Planning and Zoning Department, as follows:

Approximately 1,015 acres of land in the City of Austin, Travis County, Texas, more particularly described and identified in the attached Exhibit "A" incorporated into this ordinance, (the "Property"), and includes, as follows.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.ci.austin.tx.us/development

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Neighborhood Planning & Zoning

Dear Mr. Rousselin:

This is a follow-up to our phone conversation earlier this week in regard to Case Number C14-2007-0108, which is related to the property in the block of 5400 North Lamar.

As we discussed, I have sent to my neighbors the information as I understand it. I am registering my concerns with the Council and the Commission by way of enclosing the material I distributed this weekend.

Please see Item 2 on page two of the enclosure, which itemizes my concerns.

Thanks for all your courteous assistance, and for your work.

Regards -

Robin L. Scott

PS -- I would also add a concern and request that the street light at 5404 McCandless be repaired, as the light is completely dark as of the past couple months. (I realize this is not a request directly related to the property issue at hand, but ask that you forward the request to the appropriate department for attention).

From Robin & Liz

To Our McCandless Friends --

This is about the notice we received from the City regarding an application for rezoning of the land just behind our houses on the East side of McCandless. I'm not sure if those of you on the West side of the street received the notices, but I've attached a copy for your convenience.

Please note this -- There's a meeting at **the Lions' Club Hall on Justin Lane this Monday, August 6, 7pm**. This meeting is with the owner/developer and I think with the neighborhood association. It's not mentioned in the City notice, but I got the information when I spoke with Jorge Rousselin at the Neighborhood Planning and Zoning Department.

I have no idea what the neighborhood association is doing on this, but it would be worth going on Monday night just to see, and to be able to ask about what type stores, residences, etc., they have in mind. I won't be able to attend Monday night (it's my b'day), but *I hope some reps from our street will go and hear the details of the plan.*

Meanwhile, public hearing are scheduled at the City Council Chambers, 301 W. 2nd Street, for August 28, 6pm, and for September 27 at 4pm.

For more info, call Jorge at 512/974-2975.

On the Back of This Page:

- 1. Here's some background info I was told***
 - 2. Here's what I think we should be concerned about and ask for***
 - 3. Here's the address where you can write to the City Council and Planning Commission. Jorge said they have to consider the written or live testimony of the residents, so please consider writing if you can't go.***
-

1. The property RIGHT NOW is zoned commercial, with most buildings right up close to our backyard fences. RIGHT NOW, with current zoning, the owners are able to build vertically to 60 feet (6 stories high). The requested zoning change is so that they can build 'mixed use' rather than just commercial. I take this to mean condos above retail, ala Triangle. Jorge did tell me that any NEW construction would have to back off our property lines by 25 feet, and not be used for parking or driveway either (unless the owner files an additional application for a waiver of that limitation). Further, any NEW construction would have to be 'graduated' in height, being lower toward our houses, and taller toward the street (again, unless the owner files an additional application later for a waiver of that limitation).

2. Not to speak for everyone, but here's what I think we should be concerned about and mention to them:

- It's already a problem that the commercial solid waste collectors come and bang their stuff every night, anywhere from 1am to 5am. *We do not want that to continue, or to increase.*
- Gil Elsass runs a lovely daycare, Elsass Academy, from the area behind our house at 5405 on over to Houston Street. *We don't want those kids or their parents to be jeopardized in any way.*
- *We don't OUR OWN kids and pets to be jeopardized, nor do we want our street to have continued or increased thru-traffic, and we WANT SPEED BUMPS PUT IN.*
- *We want the litter and speeding problems along Houston street to be addressed and corrected, not increased.*
- *We don't want any 'back alley' or car activity just beyond our fences. That will bring safety, noise and litter problems.*
- *We don't want any approvals for high-rise 'overlookers' right up next to us, gazing down into our yards and into the backs of our homes. If they can go up that high, we should be able to go up higher than 8 feet on our own fences.*
- *Airflow – think about it. Please don't block our sky or our airflow. Birds, pets, kids – we all use our back yards.....*

3. Here's where to write and/or call. And don't forget the meetings (see above):

INFORMACIÓN DE AUDIENCIA PÚBLICA

Esta petición de zonificación / re zonificación será repasada y acción será tomada de acuerdo a dos audiencias públicas: ante la Comisión de Usos Urbanos y el cabildo municipal. Aunque solicitantes y/o su(s) agente(s) se les requiere atender la audiencia pública, usted no esta bajo requisito de atender. De todos modos, si usted atiende la audiencia pública, tendrá la oportunidad de hablar a FAVOR o EN CONTRA al propuesto desarrollo urbano o cambio de zonificación. Usted también puede contactar a una organización de protección al medio ambiente u organización de vecinos que haya expresado interés en la aplicación teniendo implicaciones a su propiedad.

Durante la audiencia pública, la comisión podría postergar o continuar audiencia del caso en una fecha futura, o puede evaluar la recomendación de los oficiales municipales y las del público al mismo tiempo mandando su recomendación al cabildo municipal. Si la comisión anuncia una fecha y hora específica para postergar o continuar discusión, y no se extiende más de 60 días, no tendrá obligación de otra notificación pública.

El cabildo municipal, durante su audiencia pública, puede otorgar o negar una petición de zonificación, rézonificar el terreno a una clasificación de zonificación menos intensiva que lo que es pedida. En ningún caso se otorgara una clasificación de zonificación más intensiva de la petición.

Para otorgar un desarrollo de usos urbanos mixtos, el cabildo municipal puede agregar la designación USO MIXTO (MU) DISTRITO COMBINADO, *Mixed-use (MU) Combining District*, a ciertos usos urbanos de comercio. La designación MU- Distrito Combinado simplemente permite usos urbanos residenciales en adición a los usos ya permitidos el los siete distritos con zonificación para comercio. Como resultado, la designación MU- Distrito Combinado, otorga la combinación de oficinas, comercio, y usos urbanos residenciales en el mismo sitio.
